

FORKLIFT TRUCKS
REACHSTACKERS

EMPTY
CONTAINER
HANDLERS

☆ **Good heat dispersion capacity**

Open Shoulder Pattern Design

☆ **Excellent wearing resistance performance**

IND Wearing Resistance Compound

☆ **Good heavy load capacity**

Port-specific Design with strong tire bead

Optimized Performance Tips:

1. MUST follow Techking recommended air pressure (min. 10bar /145psi).
2. Wheel rotation every 1,000 - 1,500hrs.
3. Timely maintenance and monitoring.
